```java
1  package in.neuron.main;
2
3  public class MainApp {
4
5      public static void main(String[] args) {
6          int n=1;
7          for(int i=0;i<n;i++)
8          {
9              System.out.print("INEURON");
10         }
11         // TODO Auto-generated method stub
12
13     }
14
15 }
16
```
